Christian Solar Symbolism and Jesus the Sun of Justice

This book describes how biblical light themes were taken up with energy in the early Church. Now, living in a world of 24/7 illumination, we need to reconnect with the sun and its light to appreciate the meaning of the light in the Bible and Christian Tradition. 20% off the retail price with the flyer on the notice board.

PRAYER FOR STUDENTS AS THEY RETURN TO SCHOOLS & COLLEGES

Heavenly Father, as the new school year begins we ask that you help all students to work hard, stay focused and to believe in themselves. Give them determination to reach their goals and to be the best they can be. We trust that with your guidance, they will be able to accomplish great things and achieve success. Amen.

DONORE YOUTH AND COMMUNITY CENTRE

The design team, led by Cotter Naessens, are advancing the development of a full scope of works through the examination of the building fabric, to clearly identify what is sound and what will need replacement. Some initial clean up works have already been completed. Following a tender invitation and evaluation process, now completed, DCC have now appointed a contractor to undertake a full strip out of fire damaged areas and prop floors/ceilings as required.

This work will begin in the coming weeks and will take 3-4 weeks to complete and is made up of, Weeks 1-2 temporary propping and clearing, Week 3 site investigations & strip out and Week 4 design team inspections and review.

Once these works have been completed, the design team will develop a detailed schedule of works for the main construction phase. We will also be in a position at that stage to provide an accurate programme for the works and reopening of Donore Youth and Community Centre. Ongoing meetings have been taking place between DCC, Cotter and Naessens and the insurance providers, and this communication will be continued throughout the process to establish repair work and ensure design, procurement and construction works can proceed with the utmost efficiency. DCC will provide regular updates to the Area Committee throughout this process.

WEBCAM – PROBLEMS DURING THE PAST WEEK

The webcam is wonderful, and enables people at home and elsewhere to pray along with the church services. It is also just a piece of technology. And, like all pieces of technology, it is prone to fault either due to problems with the internet, power, the device itself etc. We're sorry that there have been issues this week and that we were offline for a couple of days. Unfortunately, we need to factor in that it will at times break down. Please bear with us when this happens and know that it is always a priority for us to get it fixed as soon as we can.
